| 2      | <p><b>CA Code of Regulations 66262.34(d)(2)</b> 3020001 - Employees thoroughly familiar with all waste handling and emergency procedures<br/> <b>OBSERVATION:</b> At the time of inspection, it could not be demonstrated (not necessarily documented) that employees who handle hazardous waste were properly trained. Per AJ Sangh, he was unaware that the water used in spill bucket testing needs a hazardous waste determination prior to disposal in the storm drain.</p> <p><b>REGULATION GUIDANCE:</b> The business owner must ensure that all employees are thoroughly familiar with proper waste handling and emergency procedures, relevant to their responsibilities during normal facility operations and emergencies.</p> <p><b>CORRECTIVE ACTION:</b> Immediately train the employees. Provide proof of training within 30 days to the San Joaquin County Environmental Health Department (EHD) for employees whose responsibilities include hazardous waste.</p> <p>This is a (Class 2) Violation.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 11     | <p><b>CA Code of Regulations 66262.11</b> 3030005 - Determined if waste generated is hazardous waste<br/> <b>OBSERVATIONS:</b> Manager, AJ Sangh, verified that UST technicians dispose of spill container testing water into their car wash drain. This water has not been sampled to determine if hazardous.</p> <p><b>REGULATION GUIDANCE:</b> Any person who generates a waste shall determine if the waste is a hazardous waste as specified in Title 22 California Code of Regulations (CCR). There are wastes that are listed as hazardous wastes. There are wastes that exhibit one or more of the hazardous waste characteristics: toxic, corrosive, reactive or ignitable. Title 22 CCR section 66261.2 – Definition of Waste Title 22 CCR section 66261.3 – Definition of Hazardous Waste A business operator shall keep records of any hazardous waste determinations made in accordance with Title 22 California Code of Regulations (CCR) section 66262.11 for at least three years from the date that the waste was last sent to an on-site or off-site treatment, storage, or disposal facility. The records may include Safety Data Sheets (SDS), waste test results or other hazardous waste determination documentation.</p> <p><b>CORRECTIVE ACTION:</b> Immediately stop disposing of waste water in storm drain, make a hazardous waste determination for each waste, and manage it according to Title 22 CCR. Use Safety Data Sheets (SDS), waste sampling and test results or other knowledge to support your hazardous waste determination. Waste testing must be done using methods specified in Title 22 CCR including sections 66261.20-24. Submit a statement and supporting documentation with your hazardous waste determination. Demonstrate current storage and labeling for wastes determined to be hazardous wastes. Provide disposal records for wastes determined to be hazardous wastes and stored longer than the number of days specified in Title 22 CCR for your hazardous waste generator status.</p> <p>This is a (Class 2) Violation.</p> |

| Small Quantity Hazardous Waste Generator Program Inspection Report                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                          |                                |
