ENCROACHMENT PERMIT

To: CALTRANS - DISTRICT 10
1976 E. CHARTER WAY
STOCKTON, CA 95205

Encroachment Type:

TRAFFIC CONTROL SIGNAGE			

Location:
FROM WALNUT GROVE RD. AT HIGHWAY 5 TO WALNUT GROVE RD. AT SAN JOAQUIN COUNTY LINE.

In compliance with your request of **04/11/2013** , permission is hereby granted to do work in County right-of-way as shown on attached application and subject to all the terms, conditions and restrictions written below or printed as general or special provisions on any part of this form. See reverse side and attached sheet, if any.

Trench excavations for service connections will not be permitted within ten feet (10') of pavement centerline unless otherwise approved by the Director. Surface of trench patches shall match in kind and be smooth and even with that of abutting surface. Special attention shall be given to depth of utilities through roadside area in anticipation of future drainage facilities, road profile and/or frontage development. All underground utility facilities are to be established and accurately dimensioned on sketches from surveyed centerline of road right of way, or from right of way (border) lines.

Permittee shall call the Department of Public Works, Field Engineering Division (Permit Inspections) at (209)953-7421 at least forty-eight hours prior to beginning any work within the County right of way. All work performed under this permit shall conform to the rules and regulations pertaining to safety established by the California Division of Industrial Safety and Cal-OSHA.

The jobsite shall be kept in a safe condition at all times by the daily removal of any excess dirt or debris which might be a hazard to either pedestrian or automobile traffic. All necessary traffic convenience and warning devices and personnel shall be provided, placed and maintained by and at the sole expense of the Permittee in accordance with the latest edition of the CALTRANS Manual of Traffic Control.

After completion of the work permitted herein, all debris, lumber, barricades, or any excess material shall be removed and the jobsite left in a neat workmanlike manner. Immediately following completion of construction permitted herein, Permittee shall fill out and mail notice of completion (see attached post card) provided by Grantor.

Special Comments:

Traffic Control Per MUTCD - Temporary Detour along Walnut Grove Rd. from June 4, 2012 to June 6, 2012, each day closed from 7:00 A.M. to 4:00 P.M.

CALTRANS SR12 CLOSURE
SPECIAL PERMIT CONDITIONS

1. In order to accommodate the critical delivery and movement of time sensitive agricultural products, California legal trucks shall be allowed on the planned detour (Walnut Grove/sr-160). Caltrans will coordinate CHP support as necessary at critical locations (structures and tight turning movements) along the route to facilitate this condition.

2. All necessary public notification to be done by Caltrans, this includes special message to truckers to utilize alternate routes and use permanent CMS along I-5 and SR-12. Public notification is to reflect permit condition 1. The public notification shall start as soon as possible.

FULL HIGHWAY CLOSURE
STATE ROUTE 12
DAYTIME HOURS
In San Joaquin/Sacramento Counties

TUESDAY, JUNE 4, 2013
WEDNESDAY, JUNE 5, 2013
THURSDAY, JUNE 6, 2013

Caltrans will conduct maintenance and pavement repair operations requiring the daytime closure of State Route 12 (SR-12) from Interstate 5 (I-5) in San Joaquin County to SR-160 in Sacramento County.

The closure will be in place from 7:00 a.m. to 4:00 p.m.

Detours will be posted. Motorists should consider I-80 and I-5 as alternate routes and should allow additional travel time due to the detour. The signed detour for east bound SR-12 traffic will be SR-160 north to Walnut Grove Road then to I-5 (a 30 mile/45 minute detour). SR-12 west bound traffic detour will be I-5 north to Walnut Grove Road then to SR-160 south.

Current truck advisories apply. CA LEGAL with kingpin to rear axle over 30 feet are not recommended on SR-160. Trucks are encouraged to use I-5 and I-80 as alternate routes.

Access to local residents, businesses and emergency services will be allowed.

This complete road closure will allow maintenance crews to expedite repairs to SR-12. All work will be completed in three days time with this total closure as compared to fifteen days with 90 minute delays using one-way traffic control.
